Bugs

Time elapsed before a bug is reported

Time bug is open based on priority

Time spent on fixing the bug

Testing coverage

Sonar

Other

Defects/KLOC

Number of remarks

Number of times

Issues which return to in progress

Issues which need rework

Issues which don't have fit criteria before coming to in progress

Issue comes in when sprint is already ongoing

The build has failed during release

Issues are not estimated

Issues don't have an understandable description

Test completed per release

Defects found per release

Time spend on issues

Minimum

Average

Maximum

Time spent on releases

Total points of estimation remaining

In each of the states

Total time spent in man hours

Number of test of estimation remaining -

Should be near the same as the number of issues in release
